Lyric Theatre, Blacksburg**

Expert Panelists:

Laurie Bachwald, Women's Health Nurse Practitioner

Virginia Senator Jennifer McClellan

Additional Panelist TBA

The NRC Issues and Advisory Subcommittee will hold its first forum to discuss the implications of overruling Roe v. Wade. This initial public forum is an opportunity to examine how this change will affect Montgomery County and how Roe's erosion increases the importance of state-level policies which will be at the forefront of next year's legislative session and state elections.

Everyone is invited to attend this free event and to bring family members, friends, and neighbors to hear authoritative voices on this important issue.
